UMKC School of Pharmacy

INCLEMENT WEATHER POLICY

All Students,
Please monitor your email for directions from your course coordinators as to how to make-up class work or attend class when any of the campuses are closed due to inclement weather. In addition, please see the instructions for your home site:

ALL STUDENTS

EXPERIENTIAL COURSES  Campus closures may not apply to experiential rotations. Check with your instructor/preceptor to see if you need to report for these experiences.
Students enrolled in Introductory or Advanced Pharmacy Practice Experiences [IPPE/APPE] must have prior approval of the faculty preceptor in order to be excused because of absences or tardiness due to inclement weather. Since the weather conditions at any practice site may be very different, the opening or closing of the UMKC, MU, or MSU campuses due to weather related conditions does not apply to IPPE/APPE experiences.

WHAT IF ANOTHER SITE(S) CLOSES AND MY SITE IS OPEN?

Classes/discussion/laboratory sessions:  Sessions will go on as scheduled except for sites that are closed. If available, a recording of the class will be posted to Blackboard for students to review or alternative plans for making up the missed session will be determined by the course coordinator.
