PGY1 Community Pharmacy Residency Program

University of Missouri – Kansas City School of Pharmacy

About Red Cross Pharmacy

- Red Cross Pharmacy, Inc. is family-owned and has been serving patients and customers in Missouri since 1854. The corporation currently consists of 14 retail pharmacies, 2 long-term care pharmacies, and 2 durable medical equipment stores.
- Red Cross Pharmacy provides a variety of goods and services to enhance patient care in categories of pharmacy, health, and wellness while also fostering relationships within the community. Red Cross Pharmacy strives to be an employee-minded, customer-focused, and service-driven pharmacy organization.
- The resident will work on patient care programs for all 14 pharmacies and collaborate with the Red Cross Pharmacy Corporate Office. The residency is based out of the Red Cross Pharmacy in Excelsior Springs, Missouri.

Benefits and Requirements

- Fringe Benefits: Medical and dental benefits, paid vacation/holiday/sick leave, Missouri Pharmacy Association membership and convention allowance to present research progress, professional travel stipend, office space, UMKC email address, UMKC adjunct faculty appointment, access to UMKC online drug information databases.
- Requirements for Acceptance: Pharm.D. or equivalent experience, eligible for licensure in Missouri, application, transcript, CV, letter of intent, and 3 letters of recommendation. Onsite interview required.

About Community Pharmacy Residency Program

We develop confident, effective, and innovative community pharmacy practitioners who will advance the profession and improve community health by providing superior patient care in a financially sustainable manner.

Our vision is to practice billable, documentable clinical services in normal dispensing workflow that are valuable to patients, payers and other health care givers, and to transform the practice of community pharmacy.

We seek motivated candidates with the desire to be a practice leader in community pharmacy, advancing patient care and creating a sustainable pharmacy practice model.

See back for more information about the program, preceptors, and contact information.
