

Pro-Active Student Success (PASS) Program

Goal:

Achieve student success with no more than 5% of any admitted class failing to progress because of their academic performance.

Objectives:

Identify students at risk of experiencing academic hardship within the first 8 weeks of their first semester.

Academic Success Risk Factors Identified at Admission

Cumulative GPA 2.5 to 2.75

Math/Science GPA 2.25 to 2.5

Pre-Requisite GPA 2.5 to 2.75

Multiple repeats or withdrawals over more than one semester

Assessment Process:

All students entering as P1's in the UMKC School of Pharmacy will be required to complete the following prior to Day 1 of classes starting:

Pharmacy School Boot Camp (10 modules with assessment)

Grit-Grid Survey

Academic Pharmacy Resilience Scale

Cohen Perceived Stress Scale

Plan:

1. Students having at least one "Academic Success" risk factor will be required to meet with the Academic Learning Specialist within the first 4 weeks of the start of their first semester.
2. Students achieving a Grit-Grid Survey score of < 0.9 , a Cohen Perceived Stress Scale ≥ 27 , or an Academic Pharmacy Resilience Score < 35 will be required to meet with the Academic Learning Specialist within the first 4 weeks of Semester 1.
3. Students failing one exam in two different classes within the first 4 weeks of Semester 1 will be required to meet with the Academic Learning Specialist.
4. Students failing 2 consecutive exams in the same course within the first 8 weeks of Semester 1 will be required to meet with the Academic Learning Specialist and attend two consecutive STEPS tutoring sessions for that course immediately following the receipt of the second exam failure.
5. Failure to comply with any of the above student success support actions will result in a Behavior Report and a required meeting with the ADSA.
