

School of Pharmacy

Student UMKC e-mail account requirement:

It is required that all students registered in this course utilize the UMKC e-mail system for communication with our School, faculty, and staff. The University has provided each student with an e-mail account and this must be used. This e-mail address may not be forwarded to another e-mail account (e.g. hotmail.com), because if that account is full, the communication from the University will not be delivered. (THIS IS OPTIONAL IF YOU DO NOT USE EMAIL AS PART OF YOUR COURSE)
