

## Vision

A world where all individuals living with mental illness, including those with substance use and neurologic disorders, receive safe, appropriate and effective treatment.

## Mission

Our mission is to advance the reach and practice of psychiatric pharmacy and serve as the voice of the specialty.

## CPNP Student Membership

Membership in the College of Psychiatric and Neurologic Pharmacists (CPNP) is one of the best ways you can learn more about the exciting, growing field of psychiatric and neurologic pharmacy. Education opportunities through the CPNP Annual Meeting and CPNP University

- Job, Residency, and Fellowship Opportunities
- Research/poster presentation and award opportunities
- Networking through the CPNP membership directory, protected to CPNP members
- Participation in the very active CPNP email list (exclusive to members) where you post questions to experts in the field, learn about cases and gain clinical pearls not commonly encountered in the literature
- Publishing in the *CPNP Perspective* with a movie review written by PharmD candidates and their pharmacist mentors.
- Access to members-only resources, including medication education pamphlets for patients, pocket reference cards, lists of films and books focused on mental health and readings on topics such as psychotropic drug interactions and electroconvulsive therapy.
- Membership discounts on dues and educational programming.
