

## Required Pre-Pharmacy Courses

### Course Transfer Sheet

### Lincoln University

The Doctor of Pharmacy (Pharm.D.) faculty requires all specific pre-pharmacy college courses to be complete with a grade of C- or higher before entry into the first semester of the Pharm.D. program.

Below are the courses that have been approved to transfer from [Lincoln University](#). Admission to the Pharm.D. program is competitive with college grades, pharmacy knowledge, communication skills, and a formal interview being key determinants. A degree is not required for admission.

*Note: Courses listed below meet the UMKC pre-pharmacy course requirements for the Pharm.D. program. These courses do not necessarily reflect what other programs at UMKC consider towards a Bachelor's degree.*

---

#### REQUIRED COURSES

English Composition I  
English Composition II  
Communication Studies  
U.S. Constitution or Bachelor's Degree

#### LINCOLN UNIVERSITY COURSES

ENG 101  
ENG 102  
SPT 206 or 207 (MOTR COMM 100 or 110)  
HIS 205 or HIS 206 or PSC 203  
(MOTR HIST 101 or 102 or MOTR PSC 101)

Calculus  
Statistics  
General Physics w/ lab

Math 120 or MAT 123  
MAT 117  
PHY 101 (MOTR PHYS 150L)

General Chemistry I w/ lab  
General Chemistry II w/lab  
General Biology I or Botany  
General Biology II or Zoology

CHM 101/101L (MOTR CHEM 150L)  
CHM 103/104L  
BIO 106 or BIO 150  
BIO 155 or BIO 310

#### The courses below must be taken within five years prior to the fall start of the Pharm.D. program:

Organic Chemistry I w/lab CHM 301/303L  
Organic Chemistry II w/lab CHM 302/304L  
Medical Terminology SGT 102  
Microbiology w/lab BIO 301/301L  
Human Anatomy w/lab BIO 208/209L\*  
Human Physiology or Cell Biology BIO 314\* or BIO 312

BIO 314 will count as Physiology only if BIO 208/209L is also complete.

- 
- Please review your school's test credit policy regarding AP, IB, CLEP, etc.
  - Transfer sheets for other local schools: <https://pharmacy.umkc.edu/admissions/transfer-sheets.html>.

## Additional Notes for UMKC Pre-Pharmacy Prerequisite Courses

Please contact staff from the Pharmacy Office of Student Affairs (POSA) with any questions you have.

-Online courses may count and the POSA staff know of several online options for courses. Grades of P, Cr &/or S (Pass, Credit &/or Satisfactory) from the Spring & Summer 2020 semesters will suffice.

-If you took a marked course that is older than five years, and you believe your knowledge of the course is current based on courses taken since then within five years of admission or through your current job responsibilities, you can petition the old course to count. Contact POSA to inquire about the process and documentation needed.

-Courses that may transfer from foreign institutions: Physics with lab, Calculus, Statistics, General Chemistry 1 & 2 with labs, Organic Chemistry 1, or General Biology 1 & 2. All remaining courses must be completed from a regionally accredited college or university inside of the USA.

English Composition 1 & 2: Six hours are required. If a student takes an advanced composition course, or tests into Eng Comp 2, the student can take an additional writing course where 5,000 words or 20 written pages (usually noted as a 'Writing Intensive' course). Eng Comp 1 may be completed by earning a minimum required score on the AP Eng Language & Composition (minimum score requirements vary by institution). AP Eng Literature & Composition will not count.

Communication Studies Interpersonal communication, public speaking or small group dynamics are great examples.

U.S. Constitution complete by U.S. History 1 or 2, American Government, or a Bachelor's degree from U.S. school.

Physics with lab should be a college-level, trig based Physics course with lab.

Calculus can be complete by Business Calculus or Calculus w/ Analytical Geometry.

Statistics May be complete with an introduction to statistics or biostatistics course.

Organic Chemistry 1 & 2 with labs can be complete by six hours of Organic Chemistry lecture and two hours of lab. Some schools offer one 2.0 credit hour lab while others offer two 1.0 credit hour labs. Either is fine.

General Biology 1 & 2 may be complete by any two of the following courses: general biology 1, general biology 2, zoology, botany, genetics, cell biology, or human physiology. Labs are not required. Essentials of Biology or Biology for Non-majors do not count.

Microbiology with lab may be complete by a sophomore-level Microbiology course for future health professionals. Environmental Microbiology lecture & lab will not count.

Medical Terminology only one hour required. UMKC offers an online 1.0 hour course each semester.

\*Human Anatomy may be complete by a human anatomy lecture. Vertebrate or comparative anatomy will not count.

\*Human Physiology or Cell Biology applicants entering the Pharm.D. program in 2025 or 2026 may take either Human Physiology (preferred) or a sophomore level Cell Biology course. Labs not required. Students entering 2027 or after must take Human Physiology.

\*Anatomy & Physiology a six-hour A&P sequence will complete both Anatomy & Physiology requirements.

Biochemistry 1 & 2 are not required for entry and may be complete by two semesters of general biochemistry 1 & 2. Students who take introduction to biochemistry or biochemistry 1 and are looking for Biochem 2, the POSA knows of online options. Labs are not required. A 4.0 credit Biochemistry with lab course will not count. Students who complete an approved biochemistry 1 & 2 sequence may not have to take Pharmacy Biochemistry in their first semester of the Pharm.D. curriculum.
