University of Missouri—Kansas City
Community-based Pharmacy Residency Program

Offering ASHP/APhA-accredited PGYI community-based residencies with recognized leaders in community practice since 2001

Requirements for Acceptance: Pharm.D. or equivalent experience, eligible for licensure in Missouri, application, CV, transcript, letter of intent, and 3 letters of recommendation.

Application deadline to PHORCAS: December 31
The resident will:
- Provide medication therapy management
- Care for teammates through Employee Wellness programs:
  - Diabetes disease state management
  - Cardiovascular disease state management
  - Biometric screenings
- Administer a broad variety of immunizations using collaborative practice agreements
- Develop new and continue existing patient care programs
- Charge for their services
- Provide community outreach and group educational programs
- Perform practice management and managerial functions
- Complete a practice-based research project
- Participate in ambulatory care clinics one-half day per week
- Travel to national and state pharmacy meetings

Valuable teaching experiences include:
- UMKC Resident Teaching Program
- Classroom teaching
- Precepting students
- Community education
- In-services for other health professionals, including physicians

Fringe benefits include medical/dental benefits, paid vacation/holiday/sick leave, professional leave/travel stipend, office space, UMKC email address, UMKC adjunct faculty appointment, and access to UMKC online drug information databases.

We seek motivated candidates who are dedicated to advancing community pharmacy while delivering a high level of direct patient care. Graduates of this program will be qualified to accept positions as clinical pharmacists in community pharmacy settings.

We develop confident, effective, and innovative community pharmacy practitioners who advance the profession and improve community health by providing superior patient care in a financially sustainable manner.

Balls Food Stores is a family-owned supermarket chain local to the Kansas City area. It includes 28 grocery stores with 21 pharmacies.

The resident will work on programs for all 21 pharmacies including the Start Now Employee Wellness program. The residency is based in a Price Chopper supermarket in Grandview, MO, designed for patient care. The company provides outstanding corporate support for pharmacy services and received the 2018 Pinnacle Award from the APhA Foundation for demonstrating exceptional leadership in enhancing health care quality and medication use.

The UMKC and Balls Foods preceptors form a highly qualified, diverse group of practitioners. Several preceptors are alumni of the residency programs through Balls Foods Stores. In addition to community pharmacy, backgrounds include: ambulatory care, clinical service management, chain pharmacy management, and nationally recognized research.
